PROFILE SUMMARY

Master of Computer Applications (**MCA'26**) graduate with **8.28 CGPA**, & a strong foundation in software development, Python, JavaScript, SQL, HTML5, CSS3, Flask, & DBMS. Experienced in developing full-stack web applications and academic projects using modern development tools. Passionate about developing scalable software solutions & learning new technologies. Quick learner with strong analytical thinking, adaptability, & a collaborative mindset. Eager to contribute technical expertise, creativity & dedication to innovative software solutions in an entry-level Software Developer role.

TECHNICAL SKILLS

Languages	: Python, SQL, JavaScript, HTML, CSS, React.js, Type script
Databases	: MySQL, MongoDB, Oracle Database, Microsoft SQL Server
Data & Analytics	: Tableau, Power BI, Data Analysis, Data Visualization, MS Excel
Dev Tools	: Git, GitHub, Visual Studio Code, Jupyter Notebook, GitHub Actions
OS / Others	: Windows, Linux, Responsive Web Design, Vercel Deployment

EDUCATION

Master of Computer Applications (MCA)
Biju Pattnaik University of Technology (BPUT)

Sep 2024 – Jun 2026
Rourkela, Odisha, India

- Successfully completed **MCA** with **8.28 CGPA**, strengthened problem-solving, analytical thinking, software development skills through academic coursework and hands-on projects.
- Developed academic projects using **Python, deep learning, full-stack web development**, and **Artificial Intelligence**.
- Gained strong knowledge of Data structures, Algorithms, Database Management Systems(DBMS), Operating Systems, Object-Oriented Programming(OOP), & software engineering.

Bachelor of Education (B.Ed.)
Dr. B.R. Ambedkar University

Sep 2022 – Aug 2024
Etcherla, Andhra Pradesh, India

- Graduated with **8.3 CGPA**; developed strong competencies in **analytical thinking, structured communication**, and **instructional design**.
- Gained expertise in innovative teaching methodologies, curriculum planning, and interpersonal engagement.

Bachelor of Science (B.Sc.) – Physics & Physical Science
Berhampur University

Jul 2019 – Jul 2022
Berhampur, Odisha, India

- Graduated with **9.4 CGPA**, securing **First Position** in the batch.
- Built a strong foundation in **analytical problem-solving, quantitative reasoning**, and scientific research aptitude.

PROJECTS

EduLearn – E-Learning Platform

HTML5, CSS3, JavaScript, Git, Vercel

[GitHub](#)

- Developed and deployed a **fully responsive e-learning web application** using **HTML5, CSS3, and vanilla JavaScript**, hosted on Vercel with CI/CD via GitHub Actions.
- Implemented **mobile-first responsive design** ensuring seamless compatibility across all screen sizes and devices.
- Designed interactive UI/UX components including **smooth navigation, dynamic content sections**, and accessible page layouts.

Yamazone – E-Commerce Demo

Python, Flask, HTML5, CSS3, JavaScript, REST API

[GitHub](#)

- Developed a **full-stack e-commerce web application** inspired by Amazon, with a **Python Flask** backend and **HTML/CSS/JavaScript** frontend.
- Implemented key features: **product catalog API, Add-to-Cart drawer with live subtotal, Buy Now order simulation, Quick View modal**, and personalized product recommendations.
- Integrated **RESTful API endpoints** for backend-frontend communication and deployed live on Vercel.

CERTIFICATIONS

- **Deloitte Australia - Data Analytics Job Simulation**
- **Tata - GenAI Powered Data Analytics Job Simulation**
- **Commonwealth Bank - Introduction to Cybersecurity Job Simulation**
- **HackerRank SQL (Basic) Certificate**
- **HackerRank SQL (Intermediate) Certificate**
- **HackerRank Python (Basic) Certificate**

CORE COMPETENCIES

- **Problem Solving:** Strong algorithmic thinking with active practice on LeetCode
- **Collaboration:** Effective team player with experience in agile, project-based, and cross-functional environments
- **Communication:** Clear written and verbal communication; experienced in structured documentation and reporting
- **Adaptability:** Ability to learn & apply new technologies in software development.
